

Environmental Commitment Statement

Phil and Julie Hutton and the Bonking Frog Vineyard are committed to –

1. Creating a sustainable vineyard
 - a. Risk reduction and prevention of pollution
 - b. Undertake Integrated Pest Management
 - c. Minimise waste from the vineyard and the property
 - d. Minimise our impact on the natural waterway

2. Achieving excellence in viticulture
 - a. We will set targets annually in order to achieve continued improvement
 - b. We will research alternatives to standard invasive practices where ever possible
 - c. We will maintain environmental standards that meet industry codes of practice
 - d. We will aim to achieve industry best practices at all times

3. Producing outstanding wine
 - a. We will focus on quality over quantity
 - b. We will seek to continually improve
 - c. We will aim to exceed our customers' expectations on customer service

4. Maintaining a healthy frog population on the property
5. Animal Welfare. We will make sure our animals are well looked after and treated humanely at all times
